The Parent Project Of Logan County

The Tougher it gets to be
a kid...

...the tougher it gets to
be a **parent!**

Funded by the Ohio Means Jobs at Indian Lake 21st Century Grant, the Ohio Department of Education, and the United States Department of Education.

What is the Parent Project?

Thirteen years in development, **The Parent Project** is the only course of its kind, providing activity—based instruction, support groups, and curriculum addressing the most destructive of adolescent behaviors.

Over 150,000 families have attended **Parent Project** classes nationwide.

With a proven track record, **The Parent Project** reduced juvenile crime by one-third while significantly improving both school attendance and academic performance.

The Parent Project Philosophy

- The vast majority of parents love and care about their children.
- Parents are the integral key to successful children.
- When provided skills and the necessary support, parents can and will make the difference.

Questions?

- **When does the next Parent Project Class begin?**

The next class begins **Thursday, Jan. 16, 2016.**

- **What time does the class meet?**

The class will meet from **7:00-9:00 pm.**

- **Where does the class meet?**

Indian Lake High School Media Center

- **Will food be provided?**

Yes, a light dinner with snacks will be provided for parents and adolescents. (If you have special dietary restrictions you are encouraged to bring your own food.)

- **Is there a charge for the class?**

No, funding for the classes, materials, and food are covered through a variety of donations and grants. (Over a \$100.00 savings to each participant.)

- **What about my troubled adolescent?** A class for your adolescent will be offered at the same time/location as the parent class.

The Parent Project of Logan County

Parenting is a process. You never arrive with all the skills you need.

- Learn to parent without arguing with your strong-willed child!
- Share with other parents who are facing similar challenges - you are not alone.
- Parents participate and learn in a classroom model to manage teen behavior problems at home.

Parents who have completed the course show an 80% success rate in dealing with their children.

Teen Component for children between the ages of 11 - 17.

Included is a teen component for your child each week. It focuses on the choices teens make—and helps them explore positive alternatives to destructive behavior.
